

1 产品列表页面要求

The screenshot shows the Kümago website's product list page. The header includes the Kümago logo, navigation links (Home, About, Blogs, Product, Contact), a language selector (English), and a search icon. A large banner image at the top shows industrial machinery. Below the banner is a breadcrumb trail: Home / Instruments. On the left, there is a 'CATEGORIES' sidebar with links to Components (0), Instruments (4), Sensors (4), and Uncategorized (11). Below this is a 'RECENTLY VIEWED' section showing a product card for '12 Inch 3 in 1 Brake...'. The main content area displays a grid of product cards. Each card includes an image, a title, and a description. The first card is for '12 Inch 3 in 1 Brake Shear and Slip Roll', the second is for 'Bender Tube Notcher & Hole Saw Kit', and the third is for 'Blow Mallet Set'. The descriptions for each product are identical: 'Our denim quilt cover is the real deal. The genuine article. Enzyme washed, double stitched, complete with brass zippers on the euros, we just know youll end up loving this bedlinen even more than your favourite pair of jeans.'

1. Banner图片可以更换, 可以增加文字题目

2. 面包屑导航

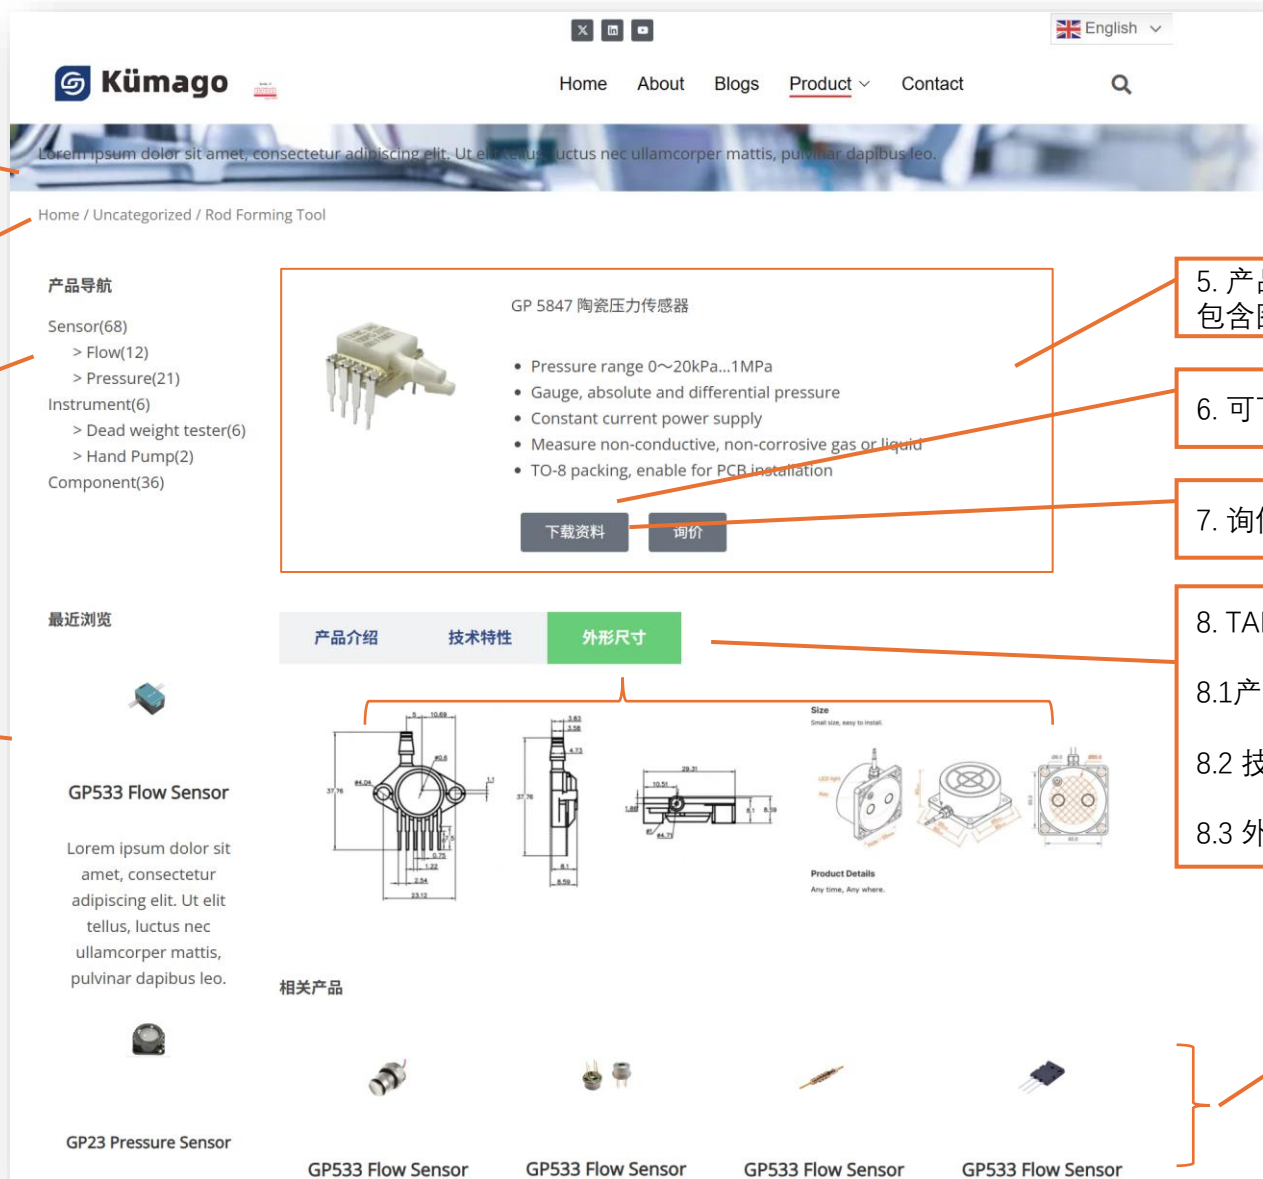

3. 分类导航

4. 标签相关产品推荐, 默认显示三个

4. 产品列表2行x3列

5. 产品,由图片/标题/简介三要素构成

2 产品详情页面要求

3 主页其他功能要求
